11TH HEIDELBERG LAUREATE FORUM

SEPTEMBER 22–27, 2024

APPLY

For the 11th HLF!

Online application: November 9, 2023 – February 9, 2024

› Mathematics and computer science in one symposium
› Interact and network with laureates and fellow scientists
› Exchange ideas, explore new perspectives
› Travel costs only, board and lodging provided
› Travel grants available

Each September, the Heidelberg Laureate Forum Foundation (HLFF) invites 200 carefully selected young researchers to spend a week interacting with the recipients of the Abel Prize, ACM A.M. Turing Award, ACM Prize in Computing, Fields Medal, the IMU Abacus Medal and the Nevanlinna Prize. The Heidelberg Laureate Forum (HLF) provides an informal atmosphere where distinguished pioneers of mathematics and computer science network with the brightest minds of the next generation in Heidelberg, Germany. The HLFF was founded and is supported by the Klaus Tschira Foundation.

APPLICATION:
Who? Undergraduate/Pre-Master, Graduate PhD, Postdoc in mathematics and computer science or closely related fields.
What? Requirements: CV, letter of motivation, letter of recommendation, awards or other scientific achievements (if any). Graduate PhDs and Postdocs further require a short summary of their thesis topic, transcripts and publications (if any).
When? Apply: November 9, 2023 – February 9, 2024   Attend: September 22–27, 2024
Where? Apply: application.heidelberg-laureate-forum.org   Attend: Heidelberg, Germany
Why? Unique opportunity to profoundly interact with laureates and peers from diverse backgrounds. Participate for one week, be alumni for life!
